

FYFE

Paid Summer Vacation Opportunity

Fyfe Earth Partners is a nationwide engineering, planning and surveying consultancy with extensive experience in the Land and Property Development, mining, infrastructure and resources industries.

Fyfe Earth Partners is a nationwide surveying and consulting engineering firm with extensive experience in the oil and gas, energy, mining and resources industries. We currently have over 300 staff in three states.

Fyfe has a wide range of clients in the public and private sectors and offers its employees on-going career development in a professional, positive and flexible working environment. We truly believe that our employees are the foundation to our company's success.

We currently have an opportunity for a highly skilled and talented undergraduate Electrical and Instrumental Engineer Student to gain work experience along side a team of highly skilled and dedicated professionals on a variety of projects. Students will gain exposure to the resource and oil and gas industry. We are inviting applicants who are completing their third or fourth years of study.

You will be:

- Currently studying a Electrical Engineering Degree (3rd or 4th year student)
- Academic results demonstrating an excellent understanding of your studies
- Proven ability to work as a part of a team
- Outstanding written and verbal communication skills
- Excellent problem solving and analytical skills
- A keen desire to gain experience in the oil and gas industry

We will offer you in return:

- A buddy program
- Award remuneration
- Hands-on engineering design experience and concept studies
- Experience working on a variety of projects
- The opportunity to fast-track your application for our graduate program
- An induction into our company and the professional environment

The two successful undergraduates will be focussed individuals, who are driven, have great technical knowledge and attention to detail. Fyfe is committed to workplace diversity. Applications from graduates with diverse backgrounds, including indigenous graduates and those with disabilities are encouraged to apply for this opportunity.

If you believe you met the above criteria and would love to join a growing and exciting organisation for your summer break work experience, register your interest to jobs@fyfe.com.au quoting "Vacation Adelaide Electrical" in the subject line.

Please note to be considered for this opportunity you will need to send:

1. a cover letter outlining your interest to work with Fyfe
2. resume with work related references
3. official academic transcripts from your studies

Applicants must have the right to work full-time during university break with no work limitations. Applications close 5pm 20th October 2011.
